Mini Box 24/10S – Quiet, powerful and oil-free air compressor

The Mini Box 24/10S is the perfect air compressor for heat presses and other air-powered textile machines. With an oil-free, two-cylinder piston motor and a sound-insulated chassis, it offers powerful yet quiet operation at only 50 dBA.

- Quiet operation – Only 50 dBA for a pleasant working environment.
- High capacity – Delivers 135 l/min with a maximum pressure of 8 bar.
- Oil-free operation – Minimal maintenance and no oil residue in the air.

Product description

Mini Box 24/10S – Quiet, powerful and oil-free air compressor

The Mini Box 24/10S is the perfect air compressor for heat presses and other pneumatic textile machines. With an oil-free, two-cylinder piston motor and a soundproofed chassis, it offers powerful yet quiet operation at only 50 dBA.

The 24-litre air tank ensures a stable air flow of 135 litres per minute, making it ideal for the Transmatic TS 3P heat press and other industrial applications. Thanks to its fan-ventilated design and automatic condensate drain, you get a reliable and maintenance-free solution that maximises the efficiency of your production.

It is also equipped with an on/off switch, motor protection and pressure gauge for easy control and safe use. The Mini Box 24/10S is the obvious choice for those who want a powerful, yet compact and quiet compressor.
