Pfaff 2081

Category: Industrial sewing machines

PFAFF 2081 – High-speed machine with bottom feed and needle feed

The PFAFF 2081 is a modern sewing machine with high speed and integrated direct drive that reduces energy consumption by 50%. The machine is quiet, vibration-free and offers high precision in both light and heavy materials.

- Direct drive
- Adjustable needle bar
- Low thread tension

Product description

PFAFF 2081 – Efficient and precision-accurate industrial sewing machine

The PFAFF 2081 is a modern high-speed machine with bottom feed and needle feed, equipped with integrated direct drive that reduces energy consumption by up to 50%. It operates quietly and vibration-free and delivers precise seams in both light and heavy materials. With an adjustable needle bar, low thread tension and a generous working space of 300 mm, it is a flexible and reliable solution for professional sewing.

Description

- Direct drive – energy-efficient and effective
- Adjustable needle bar – flexibility for different materials
- Low thread tension – precise seams
- Large working space – 300 mm arm clearance
- Quiet operation – less vibration

Technical Specification

Machine Specifications

• Needle system	134 R
• Needle size	Nm 70–120
• Maximum speed	5,500 stitches/min
• Max. stitch length	4.5–6 mm
• Stitch	301 (lock stitch)
• Press foot lift	up to 13 mm
• Workspace	300 mm
• Connection	230 V, 50/60 Hz
