Category: Industrial sewing machines

PFAFF 2083 – Powerful high-speed machine

The PFAFF 2083 are a high-speed machine for industry that combine quality and efficiency. With direct drive, low thread tension and adjustable needle bar, it can handle a wide range of materials.

- Fast sewing
- Energy efficient
- Flexible

Product description

PFAFF 2083 – High-speed machine for flexible production

The PFAFF 2083 is a powerful industrial machine that combines high quality with efficiency. With direct drive, low thread tension and an adjustable needle bar, it easily handles a variety of materials. The PFAFF 2083 has a bottom feed, making it flexible for different needs. The machine offers up to 5,500 stitches/min, energy-saving operation and user-friendly features such as easy adjustment and built-in thread trimming. For extra durability, oil-free sewing is also available.

Description

- Fast sewing – up to 5,500 stitches/min
- Energy efficient – 50% lower consumption
- Flexible – adjustable needle bar and large working area
- User-friendly – easy adjustment and thread cutter
- Robust – oil-free sewing (optional)

Technical Specification
