Pfaff 335

Category: Industrial sewing machines

PFAFF 335 – Robust cylinder arm machine for professional sewing

The PFAFF 335 is a reliable cylinder arm machine for leather, bags, shoes and furniture upholstery. The unison feed ensures even stitches even in thick materials and cross seams. With a high lift, large hook and durable construction, it is an efficient and sustainable choice for demanding production.

- Cylinder arm design
- Unison feed
- High overfeed lift

Product description

PFAFF 335 – Versatile cylinder arm machine for leather and upholstery

The PFAFF 335 is a high-quality cylinder arm machine developed for precision sewing in leather goods, furniture upholstery, bags, shoes and technical textiles. Its unison feed system ensures even feeding of the material, preventing misalignment and guaranteeing consistent stitch quality. Thanks to the high lift of the upper feed, the machine easily handles thicker materials and cross seams. The large hook version increases efficiency by 40% greater thread volume, reducing the number of bobbin changes. Built for durability and easy servicing, the PFAFF 335 is a reliable choice for professional sewing.

Description

- Cylinder arm design – perfect for tubular materials
- Unison feed – smooth feeding of multiple layers of material
- High overfeed lift – smooth sewing over thick materials and cross seams
- Large hook – fewer bobbin changes with 40% more thread
- Robust and service-friendly – built for long life

Technical Specification

Machine Specifications

• Needle system	134-35 LR
• Needle size	Nm 80–100
• Maximum speed	2,800 stitches/min
• Max. stitch length	6.0 mm
• Overfeed lift	7.0 mm
• Stitch	301 (straight stitch, lock stitch)
• Press foot lift	up to 14.0 mm
• Cylinder arm diameter	51 mm
