Pfaff 1245

Category: Industrial sewing machines

PFAFF 1245 – Powerful flatbed machine for medium to heavy materials

The PFAFF 1245 is a 1-needle flatbed lockstitch machine for furniture and vehicle upholstery as well as leather goods. Unison feed ensures smooth feeding through multiple layers, while the large vertical hook holds more thread and reduces bobbin changes. With a high feed lift and generous presser foot lift, it can handle thick, bulky workpieces – and its robust construction ensures long life and stable quality in production.

Product description

PFAFF 1245 – Powerful flatbed machine for medium to heavyweight fabrics

The PFAFF 1245 is a 1-needle flatbed lockstitch machine known for its robust construction and ability to handle medium to heavy materials. Perfect for furniture and vehicle upholstery as well as leather goods.

Description

- Unison feed – even feeding of material layers
- Large vertical hook – increased thread volume
- High overfeed lift – handles thick materials
- Generous presser foot lift – for large materials
- Robust construction – long service life
