Rotondi Igos 25

Category: Pressing equipment

ROTONDI IGOS 25 – Compact steam generator

IGOS 25 is a professional steam generator with a 24.5-litre stainless steel boiler. With modular heating power and a reliable pump, it provides high steam capacity for small to medium-sized businesses.

- Steam production: up to 23.4 kg/h
- Modular heating elements 9–18 kW
- Robust pump with automatic water level control

Product description

ROTONDI IGOS 25 – Powerful steam generator for continuous operation

ROTONDI IGOS 25 is a compact but powerful steam generator with a 24.5-litre stainless steel boiler. It delivers up to 23.4 kg of steam per hour and is equipped with modular heating elements of 9–18 kW for flexible power adjustment. The robust pump with automatic water level control ensures stable operation, and the PED-compliant design makes the IGOS 25 a reliable choice for small to medium-sized businesses that need efficient and continuous steam production.

Description

- Steam production: up to 23.4 kg/h
- Modular heating elements 9–18 kW
- Robust pump with automatic water level control
- Built to PED standard
- Reliable operation for continuous production

Technical Specification

Machine Specifications

• Boiler capacity	24.5 L (stainless steel)
• Steam production	23.4 kg/h
• Steam pressure	4.5 bar (6 bar optional)
• Pan effect	9–18 kW
• Pump power	0.6 kW
• Excitement	400 V / 3-phase / 50 Hz
• Dimensions	70 × 70 × 135 cm
• Weight	103–125 kg
