GC450CS

Category: Pressing equipment

GC-450CS – Compact automatic press for interlinings

The GC-450CS is a fully automatic band press for precise attachment of fabric and interlinings. With electronic control of time and temperature and automatic shut-off, it is ideal for sample rooms and small series.

- 45 cm working width
- Electronic control of time and temperature
- Automatic shut-off

Product description

GC-450CS – Automatic band press for a professional finish

The GC-450CS is a compact and fully automatic press machine developed for precise attachment of fabric and interlining. With a working width of 45 cm, it is ideal for fitting rooms, studios and small production runs. Electronic control of time and temperature ensures consistent results, while the automatic shut-off makes the machine both safe and energy efficient. Thanks to its space-saving design, the GC-450CS delivers stable performance and professional quality in a convenient format.

Description

- 45 cm working width – for small and medium-sized series
- Electronic control of time and temperature
- Automatic shut-off – energy-efficient and safe
- Compact design – saves space
- Stable performance for professional results

Technical Specification

Machine Specifications

• Working width	45 cm
• Printing area	0–0.15 MPa
• Heating effect	5.6 kW
• Temperature	up to 200 °C
• Excitement	230 V / 50 Hz
• Steering	electronic (time and temperature)
