Product description

ROTONDI MINI 3 – Handy steam generator for home and studio

ROTONDI MINI 3 is a compact steam generator that combines ease of use with professional results. It delivers even steam for a perfect finish and comes complete with an iron equipped with a Teflon soleplate. Thanks to its compact design, it is easy to place and use, while manual refilling allows for flexible operation. The adjustable steam volume makes the MINI 3 a practical and reliable choice for both home and small studios.

Description

- Even steam for a perfect finish
- Iron with Teflon soleplate included
- Compact design – easy to use
- Manual refilling – flexible operation
