Madeira Magnetic-Sided Bobbins

Category: Embroidery thread

Madeira Magnetic Sided Bobbins – Pre-wound bobbins for greater stability

When your embroidery requires maximum precision and a consistent thread feed, Magnetic Sided Bobbins are an excellent choice.

- Pre-wound bobbins with a magnetic side
- Reduces the risk of looping and thread breakage
- Smoother operation in the machine

Product description

For production where every stitch counts

Magnetic Sided Bobbins are pre-wound bobbins with a magnetic side that helps the bobbin move more smoothly within the capsule. This contributes to a more stable thread feed and fewer production stoppages.

Ideal for:

- Dense embroidery
- Delicate designs
- High-volume production
- Multi-head machines
- Complex logos

High quality for professional production

The magnetic bobbins help to ensure smoother stitching, reduced looping and increased production reliability. Supplied **pre-wound** and ready for immediate use. White: 123 m and Black: 113 m.
