Madeira Royal Pre-Wound

Category: Embroidery thread

Madeira Royal Pre-Wound – Pre-wound bobbins for smooth production

When you want to minimise stoppages and maximise efficiency, Royal Pre-Wound is the obvious choice.

- Pre-wound bobbins
- Consistent thread tension from the first stitch to the last
- Quick and easy bobbin changes

Product description

Pre-wound bobbins for greater productivity

Madeira Royal Pre-Wound consists of pre-wound bobbins that are ready for immediate use in the machine. As each bobbin contains the same amount of thread, you achieve more consistent production and better control over your planning.

Ideal for:

- Industrial embroidery
- Logos
- Branded clothing
- Multi-head machines
- Standard production

High quality for professional production

Royal Pre-Wound ensures consistent thread tension, faster changes and less waste. The spools are **pre-wound** and ready for immediate use. White: 123 m and Black: 113 m.
