Madeira Sensa Green Bobbin

Category: Embroidery thread

Madeira Sensa Green Bobbin – Soft bobbin thread made from 100% TENCEL™ Lyocell

For embroidery where comfort and softness are key, Sensa Green Bobbin is the perfect choice.

- Made from 100% TENCEL™ Lyocell
- Extremely soft against the skin
- Perfect when used with Sensa Green upper thread

Product description

Softness throughout the embroidery

Sensa Green Bobbin is a bobbin thread made from 100% TENCEL™ Lyocell and developed for use with Sensa Green top thread. This combination provides a consistently soft feel on both the front and back of the embroidery. It is particularly valued for premium garments and products that come into direct contact with the skin.

Perfect for:

- Baby and children's clothing
- Underwear
- Premium fashion
- Sportswear
- Hoodies and T-shirts
- Sustainable collections

High quality for professional production

Sensa Green Bobbin delivers a soft and professional finish whilst performing excellently in industrial embroidery machines. The thread is supplied on cones for **self-winding** and is available in black and white on 7,500-metre cones.
